

19:05:38 From Marion Siekierski : We will go through the presentation and have Q&A afterwards.

19:05:48 From Richard van der Jagt : Art's bandwidth is low, sound is distorted

19:05:50 From Marion Siekierski : Please ensure you mute yourself during the presentation

19:10:56 From Ketan Bhalla : Hi Peter!

19:11:16 From Ketan Bhalla : We worked with Art as well

19:11:31 From Ketan Bhalla : Amazing to see your interest Peter

19:24:58 From Richard van der Jagt : temperature of soil is higher in summer <https://nrc-publications.canada.cs>

19:49:54 From Marion Siekierski : I see your raised hands

19:49:56 From Raymond Leury : My air source heat pump stops working at -27C after which the furnace uses resistive heating

19:54:11 From Raymond Leury : Several of us at EVCO have followed Art's lead in getting EVs and heat pumps. I also no longer have natural gas at my house 😊

19:58:52 From Marion Siekierski : Reacted to "Several of us at EVC..." with 👍

20:00:13 From Marion Siekierski : If you have topic and/or speaker suggestions for future OREC Speaker Series events, please let me know at [info@orec.ca](mailto:info@orec.ca). Thank you!

20:03:21 From Raymond Leury : Thanks Art! Got to go!
