

13:43:33 From Jean Dougherty To Everyone:

Our planned speaker has not logged into the meeting so Paul Beckwith has kindly stepped up to talk about COP28

13:55:50 From Samrat Bharadwaj To Everyone:

Question - To bring down GHGs we need even more technology and domination of technology. How does that work?

14:10:48 From peter stoett To Everyone:

I need to run but look forward to both recordings " Paul Beckwith I am organizing a symposium on methane in the spring of 2024 and will be in touch, very impressed with your range of knowledge. And a veteran of COPs I agree with your assessment of™,

14:13:39 From Quentin Grafton To Everyone:

I concur with Paul's views on warming acceleration and COP28,
