# How are we dealing with the elephant in the room?

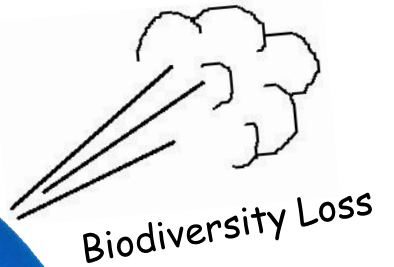

Who is driving this and WHY??

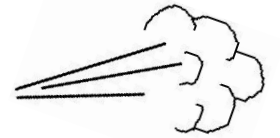

Economic Growth,  
Marketing,  
Pronatalism

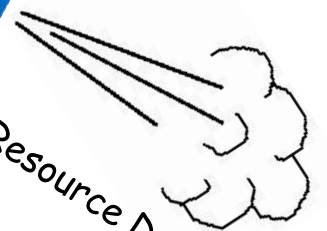

Human Behaviours

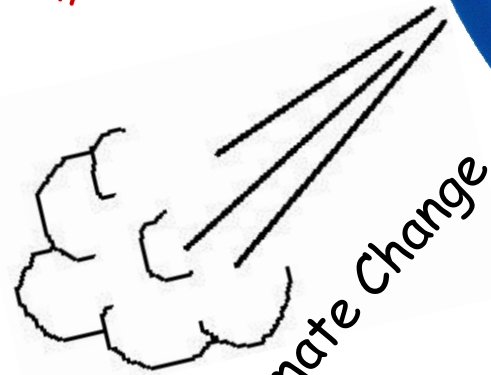

Biodiversity Loss

False Beliefs

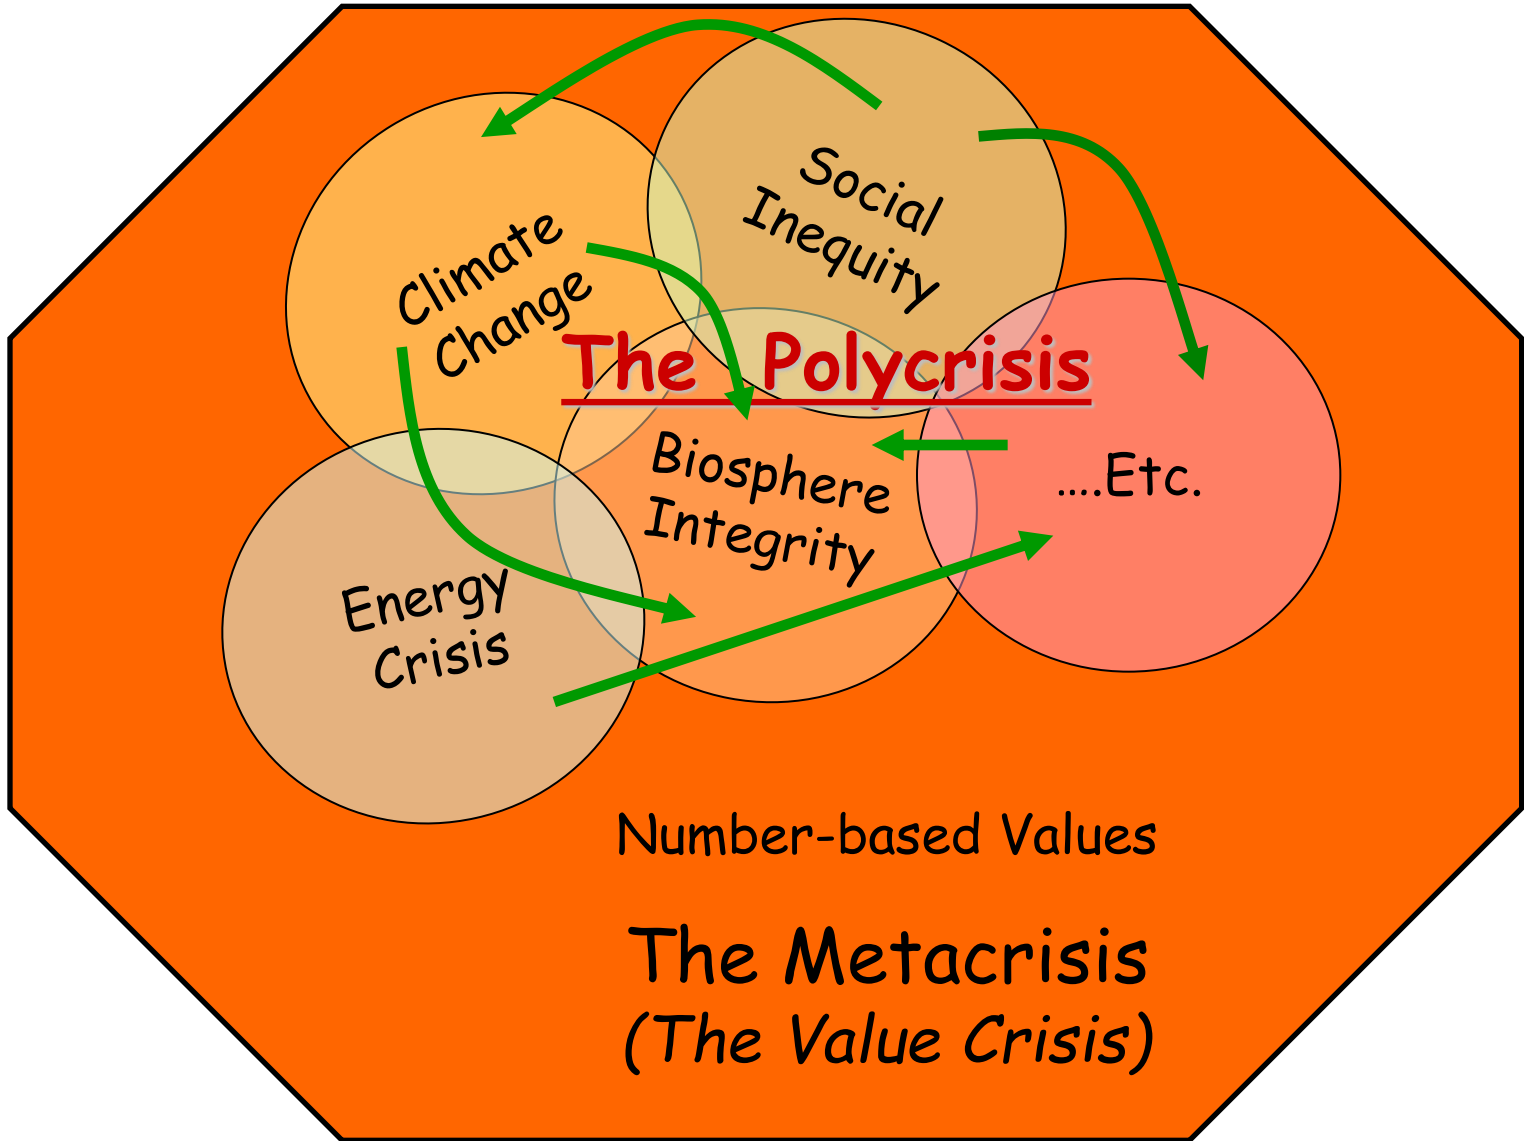

Resource Depletion

Climate Change

The real problem is NOT  
the burning of fossil fuels.

The real problem is the  
economic & lifestyle paradigm  
(the value system)  
that demands that  
fossil fuel usage.

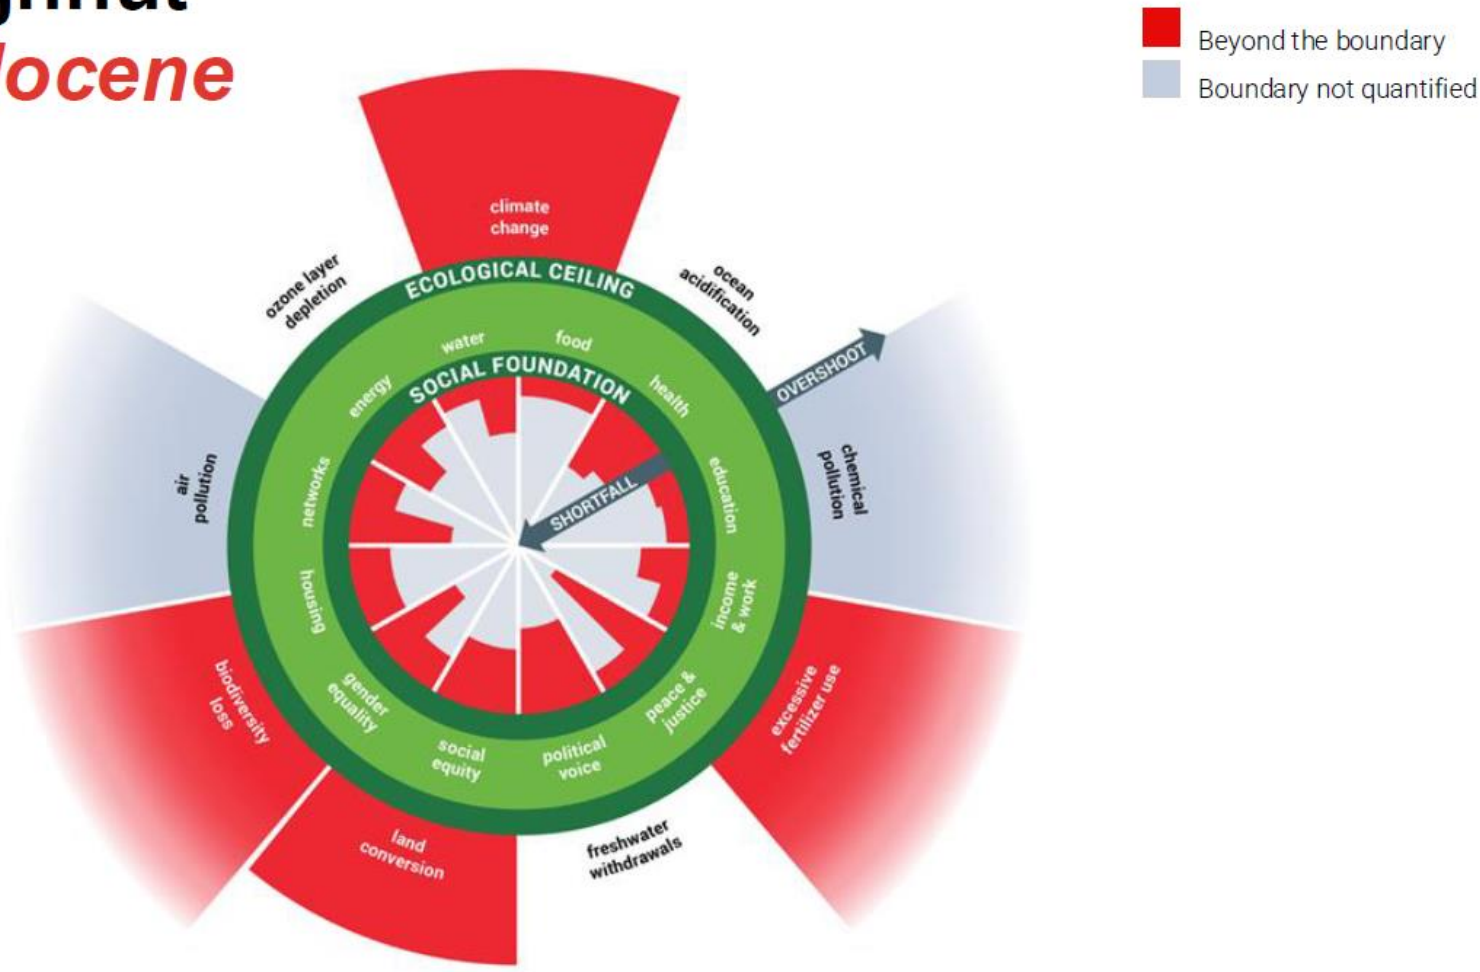

# The Value Crisis

More is  
Always  
Better

Number-based values consistently taking precedence over every qualitative value.
